West Lothian
Council

An introduction to the Management Plan from the Head of Housing, Customer and Building Services

The Management Plan is a key planning document that will explain how the service will support in the delivery of the council's eight priorities in 2018/19

West Lothian Council is one of the top performing local authorities in Scotland, with a strong track record of delivering better outcomes for local people. Housing, Customer and Building Services play a key part in that performance, by developing and deploying corporate strategies aimed at improving the quality of life for people in West Lothian. Customer and Community Services form an integral part of our deployment through frontline service provision. With financial and demographic challenges ahead, the service will further integrate our services to create a

seamless offering to customers, focusing on those most in need.

In Housing, Customer and Building Services we provide a wide range of services which contribute to positive outcomes in the eight corporate priorities (see below) through provision of operational housing management; strategy and development, repairs and maintenance, homelessness and housing need; customer contact and frontline services within the community.

Corporate Priorities 2018/23 | The council re-committed to eight ambitious priorities following a large public consultation in 2017/18. We believe these priorities will continue to support improvement in the quality of life for everyone living, working and learning in West Lothian and will be the focus for council services, resources and staff in the next five years.

In support of the Corporate Plan 2018/23 and the eight priorities, we will continue to strive to improve the quality and value of our services.

Housing, Customer and Building Services will provide quality, sustainable housing and building functions as well as efficient and effective customer and community services. We will work with our customers and tenants, partners and with other council services to promote continuous improvement and transformation of our services.

This management plan fulfils a number of planning and improvement requirements and importantly, it sets out how the service will use its resources to deliver positive outcomes for West

Lothian and deliver efficiencies of £2.528M over the next five years. It is the result of a detailed planning process to make sure that council services are well planned and managed. I hope that it will help our customers, employees and partners to understand how we will transform our services and continue to deliver for West Lothian.

Head of Service

Our services

The services that we will deliver through collaboration with our partners in 2018/19

Housing, Customer and Building Services are a key player in developing and deploying corporate strategies aimed at improving the quality of life for all people in West Lothian. In the next five years the service will continue to support the delivery of the council's eight key priorities with value adding activities and will also assist in the delivery of the council's transformation programme through:

- ◆ Continuing to deliver on and prioritise our ambitious programme to Increase the supply of new affordable homes with the aim of delivering 3000 affordable homes over a 10 year period to 2022.
- ◆ Increasing the supply of new tenancies where individuals are supported to live sustainability, supporting improved outcomes.
- ◆ Delivering compliance with the Energy Efficiency Standard for Social Housing by 2020 to improve council homes and help tackle fuel poverty.
- ◆ Continuing to reduce anti-social behaviour through a range of targeted, preventative, diversionary and educational interventions.
- ◆ Continuing to provide high quality customer services and facilities that are accessible and tailored to meet the needs and preferences of customers within our communities
- ◆ Continuing to provide high quality repairs and maintenance services to meet the needs of our tenants.

The key activities of the service are identified in the Management Plan.

Transforming Your Council

How Housing, Customer and Building Services will transform in the next five years

The council will embark on an ambitious programme of transformation in order to support the delivery of services that are accessible, digital and efficient. The Transforming Your Council programme is intended to deliver over £65.3 million in savings and will fundamentally change the way that council services are delivered.

Digital transformation is a critical element going forward for the future structure and delivery of Housing, Customer and Building Services. As far as is possible, the Service aims to deliver efficient systems, automation, customer self-service and improved business intelligence solutions to maximise business efficiency and effectiveness. This will enhance the customer experience and consistency in day-to-day decisions and service provision, while enabling shift of focus for employee resources to complex cases and value adding service development and improvement activity. Projects designed to deliver budget savings are being developed to transform the way that we work in Housing, Customer and Building Services.

Transformation in the service will be grouped around three key themes.

Engagement methods

Throughout the period of this plan, the Service will continue to engage and consult with customers, employees, partners and stakeholders on the effectiveness of the services that we provide and also, any changes that are proposed to the offering. Details of planned engagement and consultation methods will be provided in the annual update to the Management Plan.

Housing, Customer and Building Services make the following commitments to customers, employees and partners:

- ◆ Involve and engage employees, customers and partners in service improvement and transformation activity through a range of appropriate methods;
- ◆ Ask customers about the quality and effectiveness of the services that we provide through regular consultation and surveys and use their views to inform decision making in the service.

Service Activity

The Corporate, Operational and Housing Services directorate is focused on the delivery of vital infrastructure services that will make West Lothian a better, more sustainable place to live.

This includes three large service areas delivering a wide array of council activities, such as; environmental and roads services, the frontline customer and community services, social housing services and the council's support services.

Housing, Customer and Building Services comprises six services – known as West Lothian Assessment Model (WLAM) units, under the direction of the Head of Service. Due to overlapping priorities, Housing Operations, Housing Strategy and Development and Performance and Change are recognised as one WLAM unit for the purposes of corporate activity such as management planning and self-assessment. Customer and Communities Services, includes the Customer Service Centre but is split into two WLAM units to allow closer scrutiny of performance.

The following section provides more information on the activities and resources of each WLAM unit.

Employee Engagement

Housing, Customer and Building Services has a total of **831.7** (full time equivalent) employees delivering our services.

Motivation and commitment are key drivers of employee performance and the service aims to effectively engage and develop employees through improved communication and increased participation. The service uses the council's employee engagement framework, ensuring that employees have access to the information and support they need to succeed, also that there is constructive, regular two-way communication throughout the service.

The schedule of engagement that will take place in each of our WLAM units is outlined in the table.

Housing Operations

Manager:	Alison Smith, Housing Management and Community Safety Manager Colin Miller, Housing Strategy and Development Manager Kenny Selbie, Performance and Change Manager
Number of Staff:	113.3 (full time equivalents)
Locations:	Civic Centre, six local housing offices (plus local surgeries)

Purpose

Housing Operations manages the council's housing stock and tenancies to ensure that this resource, which is in high demand, is used efficiently and effectively. The local housing teams ensure a customer focused service is delivered at the frontline and co-ordinate the implementation of Council policies and procedures in compliance with current legislation, regulation and good practice. The aim is to improve the quality of life for tenants, assist individual households and promote sustainable communities.

The Safer Neighbourhood Team is part of the Community Safety Unit (CSU) and is dedicated to preventing antisocial behaviour and crime ensuring a safer community where people can live their lives without fear for their own or other people's safety. The CSU is made up of council staff, Police Scotland and the Scottish Fire and Rescue Service and uses a robust intelligence-led approach to dealing with local antisocial behaviour issues and co-ordinates resources to deliver prevention, intervention and diversionary work.

The Housing Strategy and Development team undertakes strategic planning and development for housing in West Lothian. The team promote the development of new affordable housing and improvement of the condition of existing housing.

The service's activities are supported by a small specialist team in the Performance and Change Service to ensure that the outcomes and targets outlined in the Management Plan and the council's strategic priorities are achieved. Support is provided for the service across a range of improvement activities including, quality development, tenant participation, research and analysis, complaints management and systems administration and governance and compliance (e.g. FOIs, subject access requests).

Activities

The main activities of Housing Operations during the period of the Management Plan will be:

- ◆ Maximising housing rental income including arrears management, taking account of Universal Credit.
- ◆ Void management and lettings of council properties
- ◆ Managing tenancies to make the best use of the housing stock
- ◆ Sustaining tenancies and communities by working in partnership through a multi-agency approach
- ◆ Reducing antisocial behaviour in conjunction with other partners in the Community Safety Unit
- ◆ Providing housing information and advice
- ◆ Encouraging and promoting tenant participation

The main activities of Housing Strategy and Development during the period of the Management Plan will be:

- ◆ Planning and implementing the council house new build programme

- ◆ Co-ordinating the Registered Social Landlord affordable housing new build through the Strategic Local Programme
- ◆ Co-ordinating and implementing the housing capital improvement programme investment in existing housing stock
- ◆ Development and maintenance of the Housing Asset Register
- ◆ Implementing and reviewing the Local Housing Strategy for West Lothian, including housing needs studies
- ◆ Administering Private Sector Improvement and Repair Grants through the published Scheme of Assistance
- ◆ Preparing and programming for compliance with EESSH – (Energy Efficiency Standard for Social Housing) the new legislated standard for all Social Landlords to meet by 2020.
- ◆ Home Energy Efficiency Programme (HEEPS) – develop programme using in-house staff to improve energy efficiency of our stock and to reduce fuel poverty and carbon emissions through maximising the funding awarded for HEEPS.
- ◆ Scotland's Energy Efficiency Programme (SEEP) – continue to develop programmes to improve the energy efficiency of our housing stock, as well as owner occupiers, in conjunction with non-domestic properties to reduce energy demand, carbon emissions and fuel poverty in the region.

The main activities of Performance and Change during the period of the Management Plan will be:

- ◆ Quality development including management planning, performance management and management of service complaints
- ◆ Service improvement, including facilitating the redesign and integration of services and efficient process management. Ensure compliance with statutory requirements and corporate and external accreditations through a programme of self-assessment and internal scrutiny
- ◆ Coordinate and monitor surveys and consultations across the service to ensure compliance, provide critical profile information of our customers whilst improving response rates and to ensure efficiency of our collection of customer data
- ◆ Continue to support the management of UK welfare reform impacts on the service and prepare and support for the implementation of further elements of reform going forward
- ◆ Delivery of processes and systems to enable service efficiency, continuous improvement and to support digitisation through the development of Open Housing, a diagnostic tool for management of repairs and the Tenants Portal
- ◆ Provision of ongoing support for new and existing tenants through the implementation of the Tenant Participation Strategy, with specific focus on supporting further service scrutiny through Tenant Led Inspections, and robust financial and performance scrutiny
- ◆ Administration and process development of the Private Landlord Registration Scheme to encourage a range of good quality, well managed, affordable housing options across all tenures in order to meet housing demand in West Lothian.

Housing Need

Manager: Ann Marie Carr, Housing Need Manager

Number of Staff: 54 (full time equivalents)

Location: Civic Centre and four emergency accommodation units

Purpose

The Housing Need Service is responsible for delivering the statutory function of homelessness, support and allocation of council properties.

The service takes a proactive, housing options approach to preventing homelessness occurring in the first place. When homelessness does happen, the objective of the service is to ensure the provision of appropriate emergency or temporary accommodation and re-housing into settled accommodation as soon as possible. Housing support is provided where required to help people sustain their accommodation.

The Allocations Team works in partnership with Common Housing Register Social Landlords and private sector landlords to let settled accommodation that meets the housing needs of all applicant groups.

Activities

The main activities of the service during the period of the Management Plan will be:

- ◆ Providing housing information and advice on housing options to help people access appropriate housing/sustain existing housing and prevent homelessness
- ◆ Assessing housing and support needs
- ◆ Delivering housing support services to vulnerable tenants, residents and homeless people
- ◆ Managing 24-hour emergency accommodation at three units
- ◆ Allocating temporary and permanent accommodation
- ◆ Managing and expanding membership of the Common Housing Register in partnership with local Registered Social Landlords
- ◆ Developing/managing private sector 'Homechoice', Rent Guarantee and Private Sector Leasing Scheme
- ◆ Encouraging and promoting participation from Housing Need service users
- ◆ Management, support and ongoing engagement to ensure the successful community integration of refugee families to the area.

Key Partners

The service actively works with our partners to plan, design and deliver improved services for our customers.

Our key partners include; other council services, Local Registered Social Landlords in West Lothian, private sector landlords in West Lothian, service users and partner agencies, local support service providers and the voluntary sector, NHS Lothian, Integration Joint Board and Police Scotland.

Customer Participation

The service will actively engage customers and potential customers in the delivery and re-design of services to ensure that they are accessible and focused on their needs and preferences.

Customer and Community Services

Manager: Ralph Bell, Customer Services Manager

Number of Staff: 135.7 (full time equivalents)

Locations: Operates from 52 buildings across West Lothian

Purpose

Customer and Community Services comprises five functions which, together, provide the frontline delivery of council services to all communities in West Lothian. These are: Customer Information Services, Library Services, Registration, Partnership Centres in Broxburn, Fauldhouse, Linlithgow and Bathgate and Community Centres. The service engages with customers on a transactional basis, that is, they do not build up long term relationships with customers, although they are very likely to refer customers to other services.

The service continues to work to increase the diversity of services that can be delivered by staff at the frontline, therefore creating a better customer journey and experience.

The service also works in partnership with the 37 local management committees who lease community centre facilities in West Lothian. This model encourages active citizenship and community capacity building through local people who programme the community centres and take ownership of the facilities on a day to day basis. We also work closely with our partners, stakeholders and the voluntary sector to help build a dynamic inclusive learning community which encourages customers to develop their potential to the full.

The service has corporate responsibility for developing and overseeing the delivery of the council's Customer Services Strategy.

Activities

The main activities of the service during the period of the Management Plan will be:

- ◆ Oversee the delivery of the council's Customer Services Strategy
- ◆ Provide customers with personal access to all council services and payment facilities through a network of local service centres
- ◆ Provide access to informal leisure and learning opportunities for individuals and groups in West Lothian through a comprehensive range of libraries and community centres
- ◆ Work with management committees to maximise the use of facilities through programmes which meet the needs of the community
- ◆ Maximise efficiency, effectiveness and promote 'best value', through resource management and energy management systems.

Key Partners

The service actively works with our partners to plan, design and deliver improved services for our customers.

Our key partners include; other council services, Management Committees, Community Councils, NHS Lothian, West Lothian Leisure, Jobcentreplus and Police Scotland.

Customer Participation

The service will actively engage customers and potential customers in the delivery and re-design of services to ensure that they are accessible and focused on their needs and preferences.

Customer Service Centre

- Manager:** Ralph Bell, Customer Services Manager
Number of Staff: 60.7 (full time equivalents)
Locations: Civic Centre and various locations

Purpose

The council's centre for telephone, email and web contacts manages customer enquiries from the first point of contact. The service also includes Careline – the telephone support service for electronic care alarms used by older and vulnerable people in our community.

The service engages with customers on a transactional basis and is likely to refer customers to other services where specialist or professional support is required.

Activities

The main activities of the service during the period of the Management Plan will be:

- ◆ Providing customers with access to all council services and payment facilities through a centrally based contact centre
- ◆ Handling a range of customer enquiries through to resolution
- ◆ Providing 24 hour / 7 days a week support for older and vulnerable people through the electronic care alarm system (Careline).

Key Partners

The service actively works with our partners to plan, design and deliver improved services for our customers.

Our key partners include; other council services and the Health and Social Care Partnership.

Customer Participation

The service will actively engage customers and potential customers in the delivery and re-design of services to ensure that they are accessible and focused on their needs and preferences.

Developing the Management Plan and reporting progress

The Management Plan was developed to support the delivery of the council's Corporate Plan and to take account of a range of factors that are likely to impact the delivery of council services in the next five years.

Context

The next five years will be a period of significant challenge for the council with ongoing spending constraints expected to continue. However, the council has clearly defined long term aims relating to the development of high quality services, designed to meet the needs of its customers. These long-term aims are captured in the Local Outcome Improvement Plan, Community Plan and in the council's Corporate Plan and together these strategic plans determine the work of the council's services.

The development of the Corporate Plan 2018/23 has been directly influenced by the views of the people living and working in West Lothian, ensuring that all employees are focused on meeting the needs of a growing and vibrant community. The Corporate Plan sets the strategic priorities for the council up to 2022/23 and this will be the continued focus for all council services during the period.

This will help to ensure that we continue to tackle the most important issues for West Lothian. Also, that we invest in and prioritise the services which make the most significant contribution to the achievement of positive outcomes.

Influences

There will be many internal and external factors which will influence the work of Housing, Customer and Building Services during the period. The more prominent include: the ongoing economic challenges for communities; the implementation of Universal Credit and other welfare changes; continuing to meet the challenges of the Scottish Social Housing Charter; availability of Government grant funding for new homes and energy efficiency programmes and continuing implementation of relevant legislation, including the Housing Act 2014.

Planning Process

The Management Plan was developed by the Housing, Customer and Building Services Management team, using a range of information to ensure that services, activities and resources are aligned to:

- ◆ The council's Corporate Plan and the deliverables for which Housing, Customer and Building Services will be responsible for achieving or contributing to;
- ◆ Supporting the delivery of the council's transformation programme and Digital Transformation strategy;
- ◆ The requirements and standards set out within the Scottish Social Housing Charter; and
- ◆ The priorities of council employees, tenants, customers and partners.

The process and timescales for the development and publication of the management plan is set out, including consultation with the appropriate stakeholders.

Corporate Plan	The Corporate Plan is approved by West Lothian Council, setting out the key priorities for all council services for the period 2018/19 to 2022/23.	February 2018
Housing, Customer and Building Services planning	The service management team develop the plan taking account of a range of factors, business requirements and customer needs.	February to March 2018
Executive Management Team approval	The council's executive management team (EMT) will review all service management plans to ensure they are sufficiently focused on corporate priorities. The EMT will also review the plans annually, scrutinising performance and progress in the stated outcomes and actions.	March 2018
PDSP consultation	The Management Plan is taken to the relevant Policy Development and Scrutiny Panel(s) for consultation, providing Panel members the opportunity to shape planning and resource allocation.	April to June 2018
Management Plan launch	The service cascades the plan to Housing, Customer and Building Services employees to ensure that they understand the key priorities and challenges ahead and how they will contribute to successful outcomes.	April to June 2018
WLC website	The Management Plan is published on the council's website to provide detailed information for the public and external stakeholders on council services, resource allocation and performance.	July 2018
Management Plan updates	The Management Plan progress is reviewed by the appropriate PDSP each year	April to June

Continuous Improvement

Housing, Customer and Building Services will continue to play a key role in the development and support of high quality customer services. Housing, Customer and Building Services will continue to engage with our customers to modernise structures and processes to ensure that they continue to provide the most efficient and effective model for service delivery. We will do this by:

- ◆ Continuing to deliver a programme of quality assurance and quality improvement review across Housing Operations, Strategy and Development, Building Services and Housing Need;
- ◆ Agreeing and implementing a programme of Tenant Led Inspections (TLIs) to enable customers to review key services and recommend improvements;
- ◆ Participate in corporate activities such as Citizen Led Inspections (CLIs) within customer and communities and Customer Service Centre as required;
- ◆ Implement and evaluate both employee and customer satisfaction surveys to learn and change as a result of feedback for the whole service; and
- ◆ Continue to analyse service complaints to understand key strengths and weaknesses within service processes and implement improvement measures as required.
